

Horses

-For your fiftieth birthday, I'm booking the greatest magician ever!

-Will he disappear my angst?

-Better! He ends his act with a lifesize hologram of a horse! You ride it out!

-I can't ride a hologram.

-You're one too! He makes you one!

-I'll take a real horse, thanks. Gallop away from draining, and acutely real, Lenore!

-The lost Lenore?

-With any luck!
